

JBZ-B Paper Sleeve Forming & Closing Machine

JBZ-B Paper Sleeve Forming & Closing Machine

Description of JBZ-B Paper Sleeve Forming & Closing Machine

JBZ-B Paper Sleeve Forming & Closing Machine is developed and designed according to market. It is the matching equipment of JBZ-D Paper Bowl Forming Machine, which has such functions as automatic paper feeding, sealing, glue spraying, bonding, paper bowl lowering and collecting, photoelectric detection, failure alarm and counting, etc. Therefore, it is of advanced technology, reliable design, easy maintenance and operation.

Technical Specification of JBZ-B Paper Sleeve Forming & Closing Machine

Model	JBZ-B
Cup/Bowl Size	6-16 oz (paper cup); 12-40 oz (paper bowl)
Raw Material	PE coated paper , paper board (200-300g/m2)
Capacity	32-45 Pieces/minute
Power Supply	380 V 50HZ
Total Power	4KW
Weight	2000kg
Package Size (LxWxH)	3100x1350x1900mm
