

JBZ-W Paper Bucket Forming Machine

JBZ-W Paper Bucket Forming Machine

Description of JBZ-W Paper Bucket Forming Machine

JBZ-W Paper Bucket Forming Machine is developed and designed according to the current conditions of the market based on absorbing merits of foreign advanced technology. It goes through procedures like: automatic paper feeding, two-steps of preheating, sealing, oiling, punching, two-steps of bottom heating, knurling, curling, rolling water line and bucket unloading, etc. It has such functions as photoelectric detection, failure alarm, counting, and so on. It is an ideal equipment for producing the paper container with big volume for international chain food stores such as KFC and McDonald's.

Technical Specification of JBZ-W Paper Bucket Forming Machine

Model	JBZ-W
Paper Barrel Size	60 ounce , 70 ounce , 100 ounce , 150 ounce, KFC out-sale barrel and etc
Raw Material	Single side or double-side PE coated paper (350-420g/m ²) (hot type or ultrasonic type)
Capacity	20-25 Pieces/minute
Power Supply	380 V 50HZ
Total Power	18KW
Weight	4000kg
Case Dimension (L×W×H)	4450×1650×2000mm 760×700×1300mm
